

FDE Interpretation # 201807

Status: *Active* *Inactive*

Date: 11-20-2018

Type of Document: *Technical Decision* *Technical Recommendation*

Approved by: *FDE iTC Interpretations Team* *FDE iTC*

Affected Document(s): FDE EE SD v2.0

Affected Section(s): FCS_CKM.4(b)

Superseded Interpretation(s):

Issue:

The SD for the FDE EE PP has inconsistencies in the FCS_CKM.4(b) SFR as it says it has no test and then lists a test for FCS_CKM.4(b).

Resolution:

The FIT acknowledges the issues described in the 'Issue' section above.

The test section for FCS_CKM.4(b) will be modified to remove the line:

"There are no test evaluation activities for this SFR."

The remainder of the tests section is unchanged.

Rationale:

This requirement has tests.

Further Action:

None.

Action by FDE iTC:
