

National Information Assurance Partnership
Common Criteria Certificate

is awarded to
IEEE Computer Society
Information Assurance (C/IA) Committee

The protection profile identified in this certificate has been evaluated at an accredited testing laboratory using the Common Methodology for IT Security Evaluation (Version 3.1) for conformance to the Common Criteria for IT Security Evaluation (Version 3.1). This certificate applies only to the specific version of the protection profile as evaluated. The evaluation has been conducted in accordance with the provisions of the NIAP Common Criteria Evaluation and Validation Scheme and the conclusions of the testing laboratory in the evaluation technical report are consistent with the evidence adduced. This certificate is not an endorsement of the protection profile by any agency of the U.S. Government and no warranty of the protection profile is either expressed or implied.

**Protection Profile Name/Identifier: U.S. Government
Protection Profile for Hardcopy Devices in Basic Robustness
Environments (IEEE 2600.1™-2009), Version 1.0, dated
June 12, 2009.**

**Name of CCTL: atsec information security corporation
Validation Report Number: CCEVS-VR-VID10340-2009
Date Issued: June 12, 2009
Assurance Package: Basic Robustness**
