

## CCEVS APPROVED ASSURANCE CONTINUITY MAINTENANCE REPORT

### ASSURANCE CONTINUITY MAINTENANCE REPORT FOR

## Peripheral Sharing Switch (PSS) For Human Interface Devices

**Date of Activity:** 25 July 2007

**Updated Protection Profile:** Peripheral Sharing Switch (PSS) For Human Interface Devices  
Version 1.1, dated 25 July 2007

#### **Assurance Continuity Maintenance Report:**

Changes were made to the validated Peripheral Sharing Switch (PSS) For Human Interface Devices Version 1.0, dated 08 August 2000. These changes generated the Peripheral Sharing Switch (PSS) For Human Interface Devices Version 1.1, dated 25 July 2007. The changes reflected updates to various portions of the protection profile that were necessary based on the release of Common Criteria 3.1. These changes were reviewed by the Common Criteria Evaluation and Validation Scheme (CCEVS) Senior Technical Advisor and found to have Functional and Assurance equivalence as the previously evaluated Common Criteria version.

#### **Changes to PP:**

The following areas were changed in the new version of the Protection Profile:

1. Security Assurance Requirements updated to CC version 3.1 revision 2 dated September 2007
2. Typographical errors
3. Administrative comments
