National Information Assurance Partnership

Common Criteria Certificate

Trusted Computing Group

The protection profile identified in this certificate has been evaluated at an accredited testing laboratory using the Common Methodology for IT Security Evaluation (Version 1.0) for conformance to the Common Criteria for IT Security Evaluation (Version 2.1). This certificate applies only to the specific version of the protection profile as evaluated. The evaluation has been conducted in accordance with the provisions of the NIAP Common Criteria Evaluation and Validation Scheme and the conclusions of the testing laboratory in the evaluation technical report are consistent with the evidence adduced. This certificate is not an endorsement of the protection profile by any agency of the U.S. Government and no warranty of the protection profile is either expressed or implied.
